■ ABOUT

Energy Professional with working knowledge of 6 languages and a focus on renewable energy, solar and wind in particular.

MSc, Specialization: energy market analysis, energy regulation, business development

■ LANGUAGES

Czech | C2 ■■■■■■■

English | C2 ■■■■■■■

French | C2 ■■■■■■■

German | B2 ■■■■■□

Spanish | B2 ■■■■■□

Hungarian | B2 ■■■■■□

Arabic (MSA, Levantine dialect) | B1 ■■■□□□

Russian | A2 ■■□□□□

■ PC & SOFTWARE

Microsoft Office and Open Office ■■■■■■■

Word processors, spreadsheets, PowerPoint

Data Analysis, Statistics ■■■■■□

Matlab, SQL, Stata, Microsoft Excel

Renewable Energy Software ■■■□□□

Solar: PVSyst, PV GIS tools

Wind: Global Wind Atlas, AURES Auction designer

Climbing and squash, traveling, choir and guitar, reading, such as [HN](#), [The Economist](#) and the [FT](#).

ENERGY & POWER MARKETS

EDUCATION

Sciences Po Paris | Paris 8 | 2017 – 5 | 2020

MSc International Energy, Energy markets

Concentration: Renewable Energy and the Environment

Université Mohammed VI | Ben Guerir, Morocco 9 | 2019 – 12 | 2019

Exchange in Renewable Energy and Arabic

University of Bristol | Bristol 9 | 2016 – 5 | 2017

Exchange in Geography and Environmental Sciences

Sciences Po Paris | Dijon 8 | 2014 – 5 | 2016

BA Political Sciences

WORK EXPERIENCE

Schneider Electric 4 | 2022 – present

Energy and Sustainability Associate | Berlin

I help accelerate the global energy transition, supporting companies in their decarbonization efforts, reducing their carbon footprint with a range of energy and sustainability solutions such as renewable energy procurement, setting of emission targets and energy efficiency measures.

United Nations Children's Fund 2 | 2021 – 2 | 2022

WASH Support Officer | Amman

I contributed to the provision of critical WASH services to Syrian refugee camps. I supported the section in development of climate resilient water and safety plans, climate proposals (GFC, among others) and alternative solar power options for WASH operations in remote locations.

[Recommendation](#) | [PDF](#)

Association for International Affairs 10 | 2020 – present

Project Manager and Energy Research Fellow | Prague

Energy research fellowship within the climate team of the AMO, a non-governmental think-tank. I am focusing on European energy and carbon markets, decarbonization and low-carbon sources of energy.

Schneider Electric 9 | 2018 – 9 | 2019

Energy Analyst | Budapest

Managing over 50 GWh of electricity and gas accounts, I helped clients achieve reductions in energy costs through a variety of energy management and consulting services - risk management, energy procurement, energy market analysis and tendering services.
